Catalogue 2012

# Outwit the routine.

Imagine how much more you could accomplish with a little extra help and a little more time, every single day. DYMO® products can give you both. Whether you work in an office, at home or in an industrial workplace, DYMO® has what you need to get organised and complete everyday tasks – in less time and with less effort than they take now. How clever is that?

DYMO®

Office

Save time. Save money.  
And every so often, save the day.

DYMO® office products make it easy to do more with less – and to work minor miracles that can make a big difference to your business. Print any label you need in seconds, without the hassle of sheet labels. Accomplish more with advanced labelling at your computer or on the go. Build a database of business contacts, without typing a word.

# Office Labelling Solutions

Mail. Send. Organise. Impress. Save.

If there's a label that can help your business run more smoothly, you can print it with DYMO® labelling products. They're quick, easy to use and good for business. Thanks to DYMO LabelManager™ label makers you can name and identify documentation, filing trays, storage media, and more with eye-catching labels. CD/DVD cases, files and other articles that quickly pile up can be colour-coded to show what kind of material they contain or confidentiality status.

DYMO® LabelWriter™ label printers never need ink or toner. Label, mail and file more efficiently with proprietary DYMO® Label™ v.8 Software, which enables you to create and print address, shipping, file folder and barcode labels, plus name badges and more - all without the extra work and hassles of printing sheet labels on a standard desktop printer.

## Address your mail

Print clear, accurate, professional recipient's and sender's address labels - at speeds up to 71 labels a minute.

## Label your media

Put away your marker – label CDs, DVDs and other media with neat, easy-to-read, professional looking labels.

## Manage visitors

Impress visitors and enforce security with personalised name badges – including your company logo.

## Organise your files and archives

Find any file more quickly with black-and-white labels for file folders, hanging folders, filing cabinets and drawers.

# LabelManager™ Series

Organise any workspace or storage area in minutes.

DYMO® LabelManager™ electronic label makers are packed with features inspired by consumers: touch screen editing, large screen with print preview and easy-to-use interfaces, quick access buttons and more. In addition, selected LabelManager™ models run on a rechargeable battery pack that eliminates the inconvenience, expense and waste of alkaline batteries. Choose the LabelManager™ that's right for you – and see just how quickly and easily you can organise the busiest desk, filing cabinet, cupboard or room.

**new**

## LabelManager™ 500TS

Touch Screen Label Maker with PC or Mac® Connection

The first standalone office touch screen label maker from DYMO®.

- Large, full-colour touch screen – a DYMO® first! Just tap to create, edit and format labels with ease
- Speed text entry on the computer-style (QWERTY) keyboard
- Eliminate the hassle of manual cutting with an automatic label cutter
- Customise your labels with 10 fonts, 25 font sizes, 32 text styles, 5 boxes and 100s of built-in symbols and clip-art images
- Prints crystal clear graphics, barcodes and logos at 300 dpi resolution
- Connect to your PC or Mac\*\* and use DYMO Label™ Software to customise your label with fonts or graphics - even download them for editing and printing on the go
- Share without losing your settings – new user profiles let you store settings and data for up to 5 different users
- Store over 500 labels on your machine
- Label fast – prints twice as fast as other DYMO® label makers
- Avoid the cost and waste of disposable batteries with the rechargeable battery pack
- Uses DYMO® D1 labels in 6 mm, 9 mm, 12 mm, 19 mm, and 24 mm widths

\* Compatible with Microsoft® Windows® XP, Windows Vista®, Windows® 7 or Mac OS® v10.4 or later

# LabelWriter™ 450 Series

## LabelWriter® SE450

Professional Label Printer for Serial and USB Connections

Integrate label printing into your custom applications and embedded systems.

The new LabelWriter® SE450 printer supports serial or USB connectivity to provide a fast, compact, reliable and whisper-quiet solution for quickly and seamlessly integrating label printing into any custom application running on Linux, DOS, Windows, MAC or embedded platforms - a perfect fit for virtually any work environment, and guaranteed to impress your most demanding customers.

**new**

- Connects to any computer or device with an RS-232 serial port or USB port and accepts plain ASCII print data and formatting commands to print complex labels using a simple command language. The LabelWriter® SE450 technical reference documents all commands you need to control the printer from a computer or device, without the need for specialty printer drivers.
- Includes 26 built-in barcode symbologies, including Codabar, Code 3 of 9, Code 128-A, Code128-B, Code128-C, Code128-Auto, UPC-E, UPC-A+5, EAN-8, EAN-13, EAN-13+2, Bookland EAN, SISAC, PDF417, Data Matrix.
- Supports user-definable page height, print density, positioning and orientation.
- Includes 5 internal fonts, each printable in regular, double-height, double-width and double-height/double-width sizes.
- Prints all standard ASCII characters plus foreign characters for Western Europe.
- Includes printable bezel plate - customize it with your logo and contact information.
- Accepts bitmap data for printing graphics.
- Compact size fits in virtually any work environment.
- Prints fast - up to 48 labels per minute (\*4 line address label in USB).
- Comes with 90 - 240 VAC universal power adapter.
- Includes DYMO SDK and DYMO Label v.8 software - lets users design labels onscreen, print labels from popular software programs, and more.
- Parallel adaptor available for even more connection options.

### Package Includes:

- LabelWriter® SE450 printer
- Universal 90-240 VAC power adapter
- Serial and USB Cables
- Quick Start Guide
- CD-ROM with Users Guide and sample programs

# Contact Management

Record every contact. Seize every opportunity.

With the CardScan® Contact Management System, acquiring contact data is as easy as scanning a business card – or dragging and dropping text from e-mails, web pages and other online documents. The award-winning CardScan® technology enters the data into the correct fields in a digital contact file. Build an invaluable business contact database without typing a word. Use the CardScan® Contact Management Software, bundled with the system, to quickly find and categorise contacts, generate bulk mail shots or e-mail shots and much more.

## CardScan® Team

Advanced Multiple User Contact Management System for PC

Share contact data with a colleague, or your entire team

CardScan® Team enables you to store contacts on a network server, where you and your team can access and share them.

- Includes 2 software licenses for password protected contact data sharing with one other user (purchase additional licenses to add users), plus a fast and accurate colour-capable business card scanner with the NEW CardScan® v9 contact management software
- Scan contact data directly from business cards, or drag and drop contact data from emails, web pages, documents
- NEW Microsoft Outlook® Add-in – Scan business cards directly into your Outlook® Contacts file (Windows® only; add-in also available separately for CardScan® v8)
- NEW Save As feature – Save any CardScan® file in .csv (spreadsheet) or .vcf (VCard) format
- NEW Improved user interface – Edit, sort, search, categorise and de-duplicate contacts faster and easier than ever
- Generate a map of any contact's address with one click
- Print labels for contacts with one click with your DYMO® LabelWriter™ 400 or 450 series label printer (sold separately)
- Synchronise seamlessly with Outlook®, Outlook® Express, Palm®, Windows Mobile®, Windows® Contacts, Act!™ Standard and Premium for Workgroups, and Lotus Notes® (Windows®)

Includes CardScan® v9 Software

## CardScan® and LabelWriter™

The Perfect Combination for Unmatched Contact Management

## CardScan® Software

Contact Management Software

Manage contact data easily – and act on it quickly

The award-winning CardScan® contact management software makes it simple to manage, find and get in touch with any contact or group of contacts – and to seize opportunities while they're hot.

- Assign predefined categories or create your own, add free notes to each of your contacts
- Find contacts fast with the search-as-you-type feature
- Quickly sort by name, phone, company, category and more
- Spot duplicate records automatically
- NEW Microsoft Outlook® Add-in – Scan business cards directly into your Outlook® Contacts file (Windows® only for CardScan® Executive and Team; add-in also available separately for CardScan® v8)
- Generate e-mails, envelopes, LabelWriter™ mailing labels and rotary file cards for a single contact or group of contacts
- Dial contact phone numbers or map contact locations with a single click
- Synchronise seamlessly with Outlook®, Outlook® Express, Palm®, Windows Mobile®, Windows® Contacts, Act!™ Standard and Premium for Workgroups, and Lotus Notes® (Windows®)

# Organise your home. Make life easier.

Keep any room, cupboard, cabinet or shelf neat and tidy. Clearly identify clothes, books, tools and any other items you value. Put instructions, notes and reminders away safely for easy reference. Then enjoy the extra time – and peace of mind – that comes with running a tidy and well-organised home.

## Organise any storage space in minutes

Label shelves, drawers, cabinets, closets – a place for everything and everything in its place.

## Take the stress out of cooking

Identify spices and other ingredients with plastic labels that are easy to read and easy to keep clean.

## Label your electronics

Metallic labels are great for accessories, electronics and colour coding projects.

## Mark your property as yours

Make clothing easier to identify and harder to lose with machine-washable, iron-on fabric labels.

# LetraTag™ Series

## LetraTag™ LT 100H

Handheld Personal Label Maker

### Label and organise anywhere in your home.

Small, sleek and super portable, the hand-held DYMO® LetraTag™ LT 100H makes it easy to organise each and every room in your home.

- Large graphical display enables you to see text effects on screen before you print
- Prints 5 font sizes, 7 text styles and 8 box styles

## DYMO® LetraTag™ LT Labels

Created specifically for your DYMO® LetraTag™ label maker, DYMO® LT labels are packaged in easy-to-load cassettes and feature an easy-peel backing for trouble-free application.

Choose from four materials:

### Paper

Economical labels for indoor use

### Metallic

Tear-resistant, durable labels for indoor use

### Plastic

Tear-resistant, durable and wipeable labels for indoor use

### Iron-on

Machine-washable labels for use on clothing and fabrics

### Water resistant

Withstands water and most milder solvents
